

Confidential Acquisition Opportunity

Engine Replacement and Rebuilding Service Provider (“The Company”)

NuVescor Group has been engaged as the exclusive advisor in the sale of an automobile engine rebuilding and repair company. Based in the Midwest, the Company’s annual revenues are approximately \$4 to \$5 million. Currently, the Company generates nearly \$1.5 million dollars of revenue through the internet. The company specializes in the remanufacturing of engines, and services most foreign and domestic vehicles.

The Company has the ability to transport vehicles throughout the Midwest via licensed and insured haulers. Engine installations completed by the Company are performed by highly skilled and experienced, state-licensed technicians. Each technician specializes in specific areas of expertise.

The Company uses only the finest quality, brand-name products in their work and rebuilds engines using new critical engine parts.

A complete offering memorandum is available to qualified parties. A confidentiality agreement and evidence of financial capability are required for more information. Please contact:
