

Premier Staffing Company  
NVC2091

This Midwest-based Company has specialized in the recruitment, screening and hiring of staff for a loyal and diverse customer base of varied sizes and scopes. It is recognized as a leader in the staffing sector. Due to a comprehensive qualification process and experienced workforce, it is able to draw from a tremendous talent pool. This has given the Company the ability to successfully place employees specific to the needed parameters of a given project. It strives to provide unmatched service and the best experience possible for both the employees and customers, which results in exceptional industry credibility.

Founded decades ago, it has experienced considerable demand and growth. With revenues of less than \$10 million, the Company is well-positioned for continued growth and success.

## INVESTMENT HIGHLIGHTS

---

**Well-Established Reputation for Quality and Service** – The Company’s proven performance in the areas of quality control, reliability and customer service has given it an extraordinary track record. The Company has the expertise to supply its varied customer base with the comprehensive workers they need.
